Week 6 focus

Be Respectful

- I ask the permission to leave the eating area
- I keep eating areas clean and tidy

Week 7 focus

Be Safe

- I walk on concrete
- I walk when moving around the school

A great big thank you

A big shout out to Skye for all your work in the garden. You are always planting, weeding and pottering around helping to keep our SAKG garden full of amazing produce for the students.

A big shout out to Pumpkin

A heartfelt thank you to pumpkin for visiting Eudlo State School. you have brought so many smiles to the faces of our students and staff. Spending time with you was a special experience, helping our children to feel relaxed, confident, and connected. We are so grateful to your handler for sharing you with our school community and for the care and dedication that makes these visits possible. Thank you for making our day brighter—we hope to welcome you back again soon!

Parent Volunteer Wanted – Recycling

As a small school, every little bit of help from our wonderful families makes a big difference!

We are looking for a **parent/carer volunteer** who would be happy to collect our recycling bottles, tins and poppers and take them to the recycling centre. This helps us reduce waste while also raising funds that can be put back into supporting our students and school.

If you have a little time to spare and would be able to help with this, we would love to hear from you!

Interested? Please contact the school office or speak with us at drop-off or pick-up.

Thank you for supporting our school and helping us make a difference!   

The Stephanie Alexander Kitchen Garden Program is off to a wonderful start this term, with our **Koala** and **Magpie** classes proving to be an absolute delight! Students have approached each lesson with enthusiasm, curiosity and a willingness to learn new skills.

To begin the term, both classes participated in important safety lessons in both the kitchen and the garden. In the kitchen, students learned about safe food handling and kitchen expectations before preparing delicious fresh rice paper rolls. It was wonderful to see everyone confidently trying new ingredients and working cooperatively as a team.

Last week, students began designing our Indigenous garden space with Mr T, using their creativity and teamwork to help plan a beautiful and productive area that celebrates native plants and our local environment. This week, they rolled up their sleeves and began bringing their designs to life, with plenty of enthusiasm and hard work on display.

Back in the kitchen, students enjoyed making and tasting a refreshing Asian noodle salad in Week 3, packed with a variety of fresh vegetables. This week, they cooked Fried Rice Lettuce Cups, which were an overwhelming success! Many students came back for seconds, and it was wonderful to see them so eager to try and enjoy healthy, home-cooked food.

Our quote of the week came from one very satisfied student:
"Mrs Harvey, don't make me eat from my lunch box because I'll be too full!"

Comments like these remind us just how rewarding it is to see students discovering new foods and developing confidence in the kitchen.

We have also begun preparations for our upcoming **Spring Lantern Festival** by making marmalade using citrus harvested from our very own Eudlo State School trees. The delicious marmalade will be available for purchase at the festival, giving everyone the opportunity to take home a taste of Eudlo SS!

We look forward to sharing more of our kitchen and garden adventures over the coming weeks as our students continue to build confidence, develop practical skills and experience the joy of growing, preparing and sharing fresh food together.

Reminder

A friendly reminder to all families that the fruit, vegetables and herbs growing in our school are **for the Stephanie Alexander Kitchen Garden Program only**.

Each week, we carefully plan our recipes and lessons based on what is growing and ready to harvest. This gives students the opportunity to experience the full journey from planting and caring for produce through to harvesting, cooking and tasting it together.

If you are helping in the garden or visiting the school, we kindly ask that **all produce is left where it is**, even if it looks ready to pick. This ensures our students can harvest the ingredients they have worked so hard to grow and use them in their planned Kitchen Garden lessons.

Thank you for helping us protect this valuable learning experience for all of our students.

Scholastic book club issue 6 orders are online and will need to be completed by 28th August.

Ever Wanted to be in a **FLASH MOB?**

Free for students, friends and family of Eudlo State School.

Performance at Eudlo Lantern Festival 12th September

Spring Lantern Festival **Jar Drive**

To help our fundraising efforts at this year's Spring Lantern Festival we are having a JARbola - Lucky Dip Jar Stall.

To help stock our stall we are asking that each student bring a jar or 2 filled with something to donate to our stall.

Think lollies, toys, body scrubs, bath salts, baking mixes, scruchies, candles and treats - anything that is shelf stable.

Upcycled Jars are encouraged! We will have a box in the office for donations to be collected! Your involvement is so greatly appreciated!

Eudlo Spring Lantern Festival **Class Run Stalls**

As we get closer to our first Spring Lantern Festival we are excited to share each class will be running their own FUNdraiser stall! For a little FUN competition, whichever class raises the most money on the night will win a PIZZA OR ICE CREAM PARTY!

P&C will provide the basic supplies for each stall but these ideas can be added too, it is entirely upto each class to get parents involved and get as creative with it as you like. You can seek donations to boost your sales or run it as is!

Each class will need to nominate 1 parent as their Coordinator and a few parents on the day/night to setup and fill shifts to run the Stall throughout the event! Students are welcome to be involved in running the stall as well, though parental supervision is required

Class Stalls

Echidnas - Glowstick & Finger Light Stall

Hangaroos - Pick a Pop

Turtles - Herb pot decorating & Planting

Platypus - Jarbola - Lucky Dip Jars

Koalas - Make your own Grassheads

Maggies - Chicken Poo Bingo

Dingos - Obstacle Course

Nominated Coordinator Parents- Please reach out to Stevie to discuss your stall ideas. We are so thankful for your involvement in helping make the Spring Lantern Festival a fun successful event for our school!
